

# CANCELLATION STATEMENT

Oslo 11 May 2017

Company: **Türkiye Kalkınma Bankası A.S .**  
Period: **2016**  
Volume: **1 215 MWh**

This statement confirms that 1 215 I-RECs (certificates) have been redeemed from I-REC (International REC Standard) accounts managed by ECOHZ.

The certificates have been issued to document electricity production from renewable energy sources. One certificate equals 1 MWh of electricity produced.

The I-REC Standard is a global electricity attribute tracking system designed to facilitate reliable Scope 2 carbon accounting consistent with international accounting standards. The I-REC Code sets out the rules for all actors in the I-REC system. More information on [www.internationalrec.org](http://www.internationalrec.org)

Accounting of I-RECs is done by ECOHZ AS, Oslo. Power production, issuance and cancellation of I-REC can be controlled according to generally accepted auditing practice. With this Cancellation Statement the indicated certificates are no longer tradable.
